Report on RAMSY Medical Laboratories Outreach to Sick Cell Society Sierra Leone (SCSL) Family Meeting

Date: Saturday, April 5, 2025

Venue: SCSL, Thomas Street

Event: SCSL Family Meeting

On Saturday, April 5, 2025, the Sick Cell Society Sierra Leone (SCSL) hosted a vibrant and impactful family meeting, bringing together individuals living with sickle cell disorder, their parents, teachers, and caregivers. The event served as a platform for awareness, community support, and vital health services.

A major highlight of the meeting was the participation of **RAMSY Medical Laboratories (RML)**, who generously provided **free blood grouping tests** to all attendees. In total, **79 individuals including** sickle cell clients, their parents/guardians, and teachers were tested, and each received a **blood group card** for future reference and medical use.

During the meeting, the **Deputy Managing Director of RML** gave a short but significant talk, announcing an **upcoming collaboration between RML and SCSL**. The news was warmly welcomed, reflecting a shared commitment to enhancing health services and support for the sickle cell community in Sierra Leone.
